## HD GRAPPLER

The Nitto HD Grappler is a severe service tire that was developed to provide superior performance in a variety of commercial light truck applications. The on / off road pattern provides solid traction in most weather conditions. The heavy duty casing and cut resistant tread compound will provide trouble free service.

### Built Tough

- 10 ply construction design for severe service applications.
- Full steel belts to ensure increased structural strength in the toughest of applications.

### Great Traction

- Large block void ratio allowing the HD Grappler to dig in deep in off road conditions.
- Large tread block for added on road stability and grip.

### On Road comfort

- A staggered block design reduces pipe resonance noise for increased ride comfort.

### All Weather Traction

- M+S rated for all season traction
- Full depth sipes for added traction in a variety of weather conditions.
- Pinned for studs to add traction on ice and compacted snow.
- All weather - select sizes are designated with the 3PMS winter snow symbol.
